SAMVEEKSHANA-2026

"TAMBOLA"

Date: 12/03/2026

Timing: 10.00pm to 12.00pm

Place: Pavilion

The Basics

The Ticket: Each ticket has a 3x9 grid with 15 numbers (5 per row).

The Caller: One person is designated as the "Caller" to randomly draw numbers from 1 to 90 and announce them.

Marking: When the caller announces a number that is on your ticket, you strike it off.

Common Winning Patterns

The game typically pauses for each "win" to be verified by the caller.

Early Five: The first person to strike off any five numbers on their ticket.

Top Line: Completing all 5 numbers in the top horizontal row.

Middle Line: Completing all 5 numbers in the middle horizontal row.

Bottom Line: Completing all 5 numbers in the bottom horizontal row.

Four Corners: Marking the first and last numbers of both the top and bottom rows.

Full House: Striking off all 15 numbers on the ticket. This is the grand prize.

Rules of Play

Claims: You must claim your win immediately after the number is called. If the caller has already drawn the next number, the claim might be considered invalid in some variations.

Verification: The caller must verify the ticket by checking the struck numbers against the board of called numbers.

Tie-Breaker: If multiple players claim the same winning pattern simultaneously, the prize is usually split equally between them
